

Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., May 17th, 1890 .

O. C. Bosbyshell, Esq.,
Superintendent, U. S. Mint,
Philadelphia, Penna.

Sir:

Your communication of the 16th instant submitting for my approval certain transfers in your institution to take effect on the 1st proximo, is before me.

There are certain recommendations in this letter in the nature of increases of pay which do not meet with my approval. I have said a number of times that it is not my intention to enter into a general increase of pay in your mint. I have approved a number of cases already on the recommendations of yourself, the Melter and Refiner, the Assayer and the Coiner, but, as I have said before to you and said to the operative officers personally, it has simply led to a demand for further increases, which, if yielded to, I am sure will ^{*continue and*} increase.

I find the following increases of compensation contained in that communication: Wilber F. Gilder, from \$2.90 to \$3.00 per diem. Melter and Refiner's Department: Frank Smith, from \$3.00 to \$3.25 per diem; John A.

2, - O.C.B.

Smith, from \$2.90 to \$3.00 per diem; George W. Watt,, from \$2.90 to \$3.25 per diem. In the Coiner's Department: John C. Bowen, from \$3.00 to \$3.50 per diem; Henry Isaacs, from \$3.00 to \$3.50 per diem; John Vickery, from \$2.90 to \$3.00 per diem; E. Reece Moore, from \$2.90 to \$3.00 per diem; George W. Minks, from \$2.90 to \$3.00 per diem; Richard M. Staunton, from \$2.90 to \$3.00 per diem; W. W. Mc Ananey, from \$2.90 to \$3.00 per diem; Thomas J. Lappin, from \$2.90 to \$3.00 per diem; and Samuel S. Marshall, from \$2.90 to \$3.00 per diem.

Referring to the increase in the force of the Melter and Refiner's department, I would say that with the present allotment of coinage it seems to me that the force of this department is already excessive. I think that when the Melter and Refiner told you that he required an increase it must have been at a time when his allotment of ingots was considerably in excess of his present quota.

The increases which I mainly object to in this communication are those of Frank Smith, George W. Watt, John C. Bowen and Henry Isaacs.

Respectfully yours,

Director of the Mint.
